more data we gather for you, the better analytics you'll have long after the event is over

instant ROI

your offers and promotions are attached to the shared photos and emails providing additional opportunities to measurable results

additional brand ability

we'll create a faceplate to go over our kiosks advertising your brand or promotion

guest experience satisfaction

every guest leaves happy being able to share their photos immediately with their friends and family and returning to take more pictures

3D Bullet Time Booth

the crème de la crème of photo booths....

- Made popular by movies such as The Matrix, a sequence of up to 11 cameras captures guests suspended motionless . Our specialized software gives guests the 3D Hollywood effect in a digital boomerang GIF/MP4 output. Freeze time with this unique, branded product that will be shared and liked by exponentially.

Optional add on features:

- **PRINTS:** Every guest can walk away with a physical print immediately. The middle camera can be set to capture and print onto a custom designed layout.
- **MINI ADVERT:** Add your own music / jingle and end the clip with a 5 second full screen advertising/branding.
